Unveiling ceremony of the "Center for the Promotion of International Engineering Education and Research (C.P.I.E.E.R), Graduate School of Engineering, Nagasaki University

The Graduate School of Engineering, Nagasaki University celebrated the unveiling of the “Center for the Promotion of International Engineering Education and Research” on May 29, 2013.

The center has been established for the purpose of the promotion of international cooperation of both research and education, as well as the development of international engineering talent in cooperation with both domestic and overseas universities as well as education and research institutes.

The center will take a central role in the "Higher Education Support Project" in Myanmar as well as the “Project on Comprehensive Research Covering Ecosystem, Aqua Environment and Human Activities in Lake Victoria” in Kenya.

Unveiling ceremony on May 29, 2013  (From left: Vice Dean, Prof. Moriguchi, Dean, Prof. Ishimatsu, Head of Center for the Promotion of International Engineering Education and Research, Prof.Tanabe, Prof.Shigechi (Center’s dedicated professor)
